CHRIST!

Saint **Teresa of Ávila**, also called Saint **Teresa** of Jesus, baptized as **Teresa** Sánchez de Cepeda y Ahumada (28 March 1515 – 4 October 1582), was a prominent Spanish mystic, Roman Catholic saint, Carmelite nun and author during the Counter Reformation, and theologian of contemplative **life** through mental prayer.

Teresa was a woman "for others." Though a contemplative, she spent much of her time and energy seeking to reform herself and the Carmelites, to lead them back to the full observance of the primitive Rule. She founded over a half-dozen new monasteries. She traveled, wrote, fought—always to renew, to reform. In her self, in her prayer, in her life, in her efforts to reform, in all the people she touched, she was a woman for others, a woman who inspired and gave life.

Her writings, especially the *Way of Perfection* and *The Interior Castle*, have helped generations of believers.

In 1970, the Church gave her the title she had long held in the popular mind: Doctor of the Church. She and St. Catherine of Siena were the first women so honored.

Wisdom from Teresa of Avila

"Our Lord does not care so much for the importance of our works as for the love with which they are done."

"Do not think of the faults of others but of what is good in them and faulty in yourself."

"Know even when you are in the kitchen, our Lord moves amid the pots and pans."

"The closer one approaches to God, the simpler one becomes."
